WELCOME TO OUR COMPANY PROFILE

Who we are...

JKA Logistics Company Limited

JKA Logistics (JKA) is a fast-growing logistics services company that provides professional procurement of goods and services to help Public, Private Sector, and Non-Governmental Organizations address procurement challenges while enabling them to benefit from synergies and opportunities in the marketplace by leveraging resources and partnerships across various activity value chains.

JKA provides clients with the best procurement solutions that employ a mastery of technology with technical program management to achieve successful project outcomes. Combining expertise in program management, powerful budget modelling, detailed procurement documents, and thorough procurement administration, we

OUR CAPABILITIES

At JKA, we assist with the planning, programming, monitoring, and executing all types of procurement and logistics support of works, goods, and services on a short or long-term basis. Our capabilities cover new product sourcing, finding and agreeing to terms, and acquiring goods, services, or works from an external source, often via a tendering or competitive bidding process.

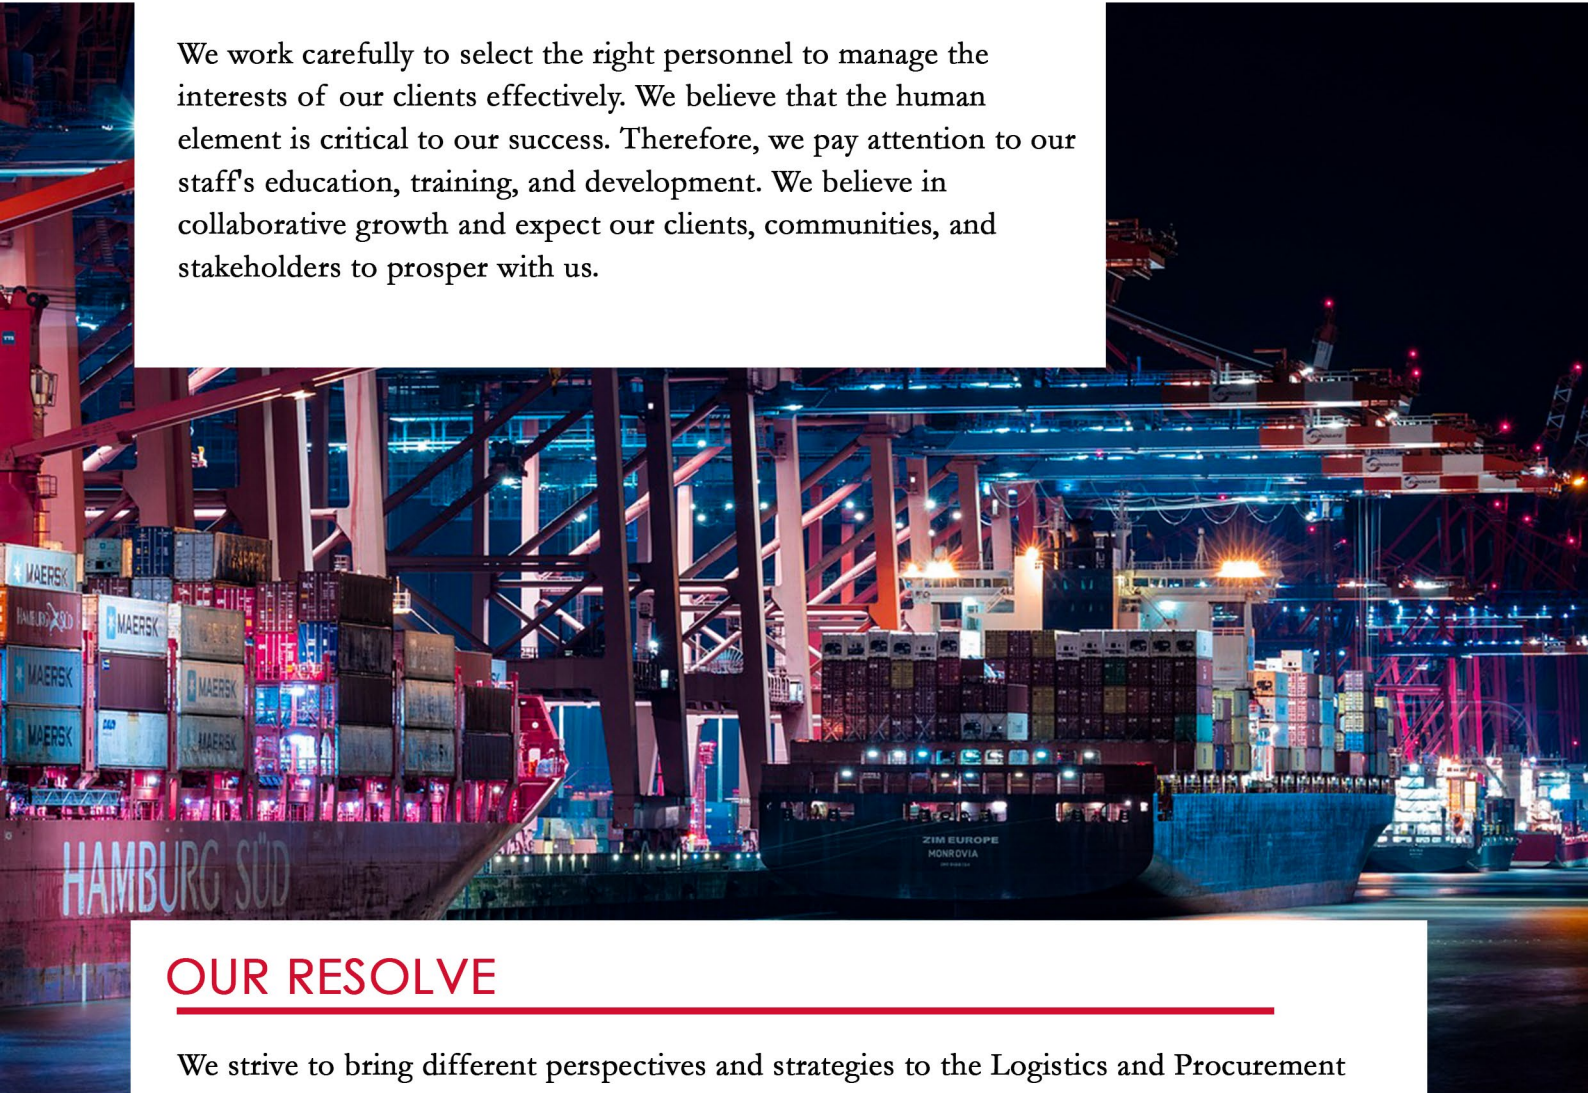

“Our Procurement expertise generally involves making buying decisions under conditions of scarcity.”

OUR APPROACH

JKA provides procurement service on a direct basis for all kinds of items and also acts as a Procurement Service Provider (third-party organization or procurement consultant) with the expertise to supplement internal procurement departments' activities. JKA's global capacity procurement power and regional market expertise can help your organization grow its domain and bottom line while reducing supply chain complexities.

We work carefully to select the right personnel to manage the interests of our clients effectively. We believe that the human element is critical to our success. Therefore, we pay attention to our staff's education, training, and development. We believe in collaborative growth and expect our clients, communities, and stakeholders to prosper with us.

OUR RESOLVE

We strive to bring different perspectives and strategies to the Logistics and Procurement field, constructively challenging standard patterns of operations and providing clients with new solutions to meet their expectations. Through mutual trust and sustainable value addition, we continuously build partnerships with main core procurement services (sourcing and supply), freight-forwarding, port clearing, warehousing, transportation, and door-to-door delivery businesses to enable our clients to enhance their effectiveness and impact.

Our business model delivers speed and affordability, and our scalable, flexible, and customizable solutions serve all major lane modes and industries.

CORPORATE GOALS

Our Vision

We believe in becoming the leading logistics services company that will provide our clients superior service at the utmost convenience and consistently ensure customer satisfaction.

Our Mission

We are committed to becoming the world's preferred logistics company with insight, service quality, and innovation to create sustainable growth for business and society. This includes our strive to build a world-class organization that provides reliable and professional logistics services to businesses to fulfil their diverse needs flexibly and securely.

Our Values

JKA operates consistently with the highest international professional and corporate governance standards, and we respect the environment to ensure sustainability. We have provided the integration of our values in our internal delivery mechanism, from our quality specification support system to our final delivery and post-delivery services. These values include:

Connection

We leverage our experiences and networks with our customers to the best suppliers and support services in the industry to ensure a seamless interaction of market players for greater effectiveness.

Excellence

We are committed to delivering high-quality services and achieving the best possible results for our clients.

Reliability

We deliver on time and adhere to our client's expectations, which include step-by-step updates to clients in our service delivery process. You can always count on us for a successful business transaction.

Efficiency

We optimise the time, cost, and quality of goods and services.

Passion

We make available a set of passionate people with a strong drive to deliver our client's mandate.

Flexibility

We are flexible enough to respond to the needs of our clients in this business environment.

WHY CHOOSE JKA LOGISTICS

Our Experts

Our team of specialists has successfully managed several procurement and logistics processes. Their expertise and experience enable us to innovate around specifications, quality, and reliable delivery of our side of the bargain.

Our Processes

With the aid of our practical, thought-driven procedures that endure the test of time, we have built a straightforward yet efficient method for comprehending the demands of our clients and assisting them in creating strong competitive advantages. At JKA, we have produced reliable and effective procedures to guarantee smooth operations and provide our clients with first-class logistics services.

Optimum Output

We look at the wider market to enable us to propose supply and procurement options so that clients optimise their outputs and outcomes.

Our Flexibility

We are adaptable to ensure our client's business/project objectives are aligned with our activity timelines. To achieve this, we provide proactive engagement to enable us to tweak our activity solutions to the client's requirements.

Affordability

We enjoy having some of the most affordable rates in the business. This makes us tailor solutions to our clients' budgets.

Technology Drive

We employ the best technology and digital-oriented staff to devise global solutions and supplies for our client's needs. This allows us to tap solutions from a global standpoint to enable us to fix our client's problems.

His educational background equips him with the knowledge to effectively oversee the financial aspects of JKA Logistics, ensuring sound financial planning, budgeting, and decision-making. With his dedication to excellence and meticulous attention to financial details, Obed is pivotal in positioning JKA Logistics as a financially robust and sustainable logistics company.

OUR PARTNERS

Working with JKA means tapping into various partnerships to help you reach your objectives. Our team has strong alliances, partnerships, and arrangements with key service providers to facilitate our smooth operations. Our dependable partners share our dedication to excellence, dependability, and customer satisfaction. The scope of our partnerships includes:

Carriers and Transportation Providers.

We have developed connections with five (5) nationwide carriers and transportation service providers that enable us to provide a variety of transportation alternatives to get items to your preferred destination..

Warehousing and Distribution Facilities

We have over seven (7) storage and distribution partners with efficient handling and storage facilities to meet our client's ad hoc storage needs.

Technology and Software Providers

We partner with leading software and technology companies nationwide to enable us to show the procurement and supply of customised digital systems to clients' needs. Our technology partners have varied off-the-shelf software solutions and are innovative and adaptable to tailor new solutions to meet the demands of our clients.

At JKA, we think that our success and that of our partners are inextricably linked. We respect these connections and work to strengthen them by being open with one another, building trust, and being dedicated to excellence. We are committed to working with our partners to create cutting-edge, affordable, and trustworthy supply chain solutions that fuel the success of our clients.
